DENTRIX Voice Perio

PRODUCT INFORMATION SHEET

Digital and Streamlined Workflow Benefits of Voice Perio

- Simplifies the recording of perio results for the hygienist
- Helps improve infection control for staff and patients
- Improves overall speed and efficiency
- Reduces costs for perio exams
- Helps educate patients
- Improves treatment acceptance

Why choose Voice Perio?

Dentrix Voice Perio can be your hygienist's assistant with easy verbal recording of exam results. Streamline perio exams by giving your hygienists an extra hand without the costs of extra staff.

DENTRIX VOICE PERIO

You can improve the speed and efficiency of perio exams

HANDS-FREE AND ASSISTANT-FREE

Dentrix Voice Perio, powered by Bola AI, speeds up the process of recording perio exams while providing greater efficiency for your hygienists. Dentrix Voice Perio eliminates the need for manual entry, allowing hygienists to verbally record perio exam results — hands-free and assistant-free.

And it couldn't be easier to set up — a rapid install provides your hygienists with a streamlined, affordable method of recording perio exams. The fast learning curve means they can be up and running in minutes.

SAFER AND EASIER

Current health concerns have heightened public awareness about reducing the spread of illness. Dentrix Voice Perio provides your practice with hands-free, assistant-free technology that helps reduce infection risks for staff.

The hands-free design of Dentrix Voice Perio means hygienists don't have to enter perio scores manually during an exam or rely on an assistant in the operatory. This saves time and can improve patients' feelings of safety and confidence during exams.

When patients feel safer, they have greater confidence in and esteem for your practice — which can increase patient retention and treatment acceptance, resulting in more patient referrals. Dentrix Voice Perio also improves infection control with recording devices that are easy to disinfect between patients.

HENRY SCHEIN ONE

"It's great when the hygienists can perio chart, call the numbers, bleeding and suppuration out loud for the patient to codiagnose their perio condition and additional staff are not needed to help. It transcribes the info very quickly and the patients like the high-tech approach."

— DR. FRED PECK
Fred H. Peck, DDS

BENEFITS

Save time

Eliminate time spent on manual entry by hygienists or dental assistants. Voice Perio efficiently records perio exam data called out by a single hygienist.

Adopt quickly and easily

Voice Perio integrates seamlessly with Dentrix, takes minimal staff time to learn with its intuitive, easy-to-learn commands, features a user-centric design with hygienists' preferred workflow and requires no voice training, offering a fast start.

Increase safety

Reduce the risk of infection by eliminating the need to move back and forth between performing the patient's perio exam and manually recording the results.

Engage patients in their oral care

Provide patients the opportunity to hear their perio scores called out, educating them about their perio treatment and helping improve treatment acceptance.

KEY FEATURES

REAL-TIME SYNC WITH DENTRIX

Because Voice Perio is integrated with Dentrix, results are automatically recorded in the Dentrix perio chart.

OUTSTANDING SPEECH RECOGNITION

With up to 99.9% accuracy, Voice Perio recognizes speech regardless of speaker, accent, phrasing or the kind of microphone used. Background noises, including music and movies, are also screened out.

AUTOMATIC CALCULATIONS

The Perio Health Index is calculated for each exam automatically, reducing errors and increasing efficiency..

RAPID INSTALLATION

In addition to quick staff adoption, Dentrix Voice Perio is fast and easy to install.
