

# A MORE COMPREHENSIVE VIRTUAL ASSISTANT

A VOICE RECORDING SOLUTION  
THAT SAVES YOU TIME AND MONEY

## Advantages for Your Whole Team

Regardless of speaker, accent, phrasing or microphone, Dentrix Voice, powered by Bola AI, provides up to 99.9% reliable speech recognition. Up to six people in your office can use it at the same time, making dictating clinical notes, perio exams and front desk correspondence easy and fast. With rapid installation and no voice training, your whole team can start enjoying the benefits of a virtual assistant the same day.

### Capture Clinical Notes With Ease

Because Dentrix Voice integrates fully with Dentrix, dentists can verbally enter clinical notes quickly and reliably.

UP TO  
**99.9%**  
ACCURACY

**Help eliminate manual typing** — reducing hand and wrist fatigue

**Save even more time** — Works with your existing clinical notes templates

**Speak like a dentist:** Dentrix Voice comes programmed to understand

**75.6%**

of dentists and other dental workers reported symptoms of carpal tunnel syndrome.\*

### Make Perio More Productive

Get your patients engaged in their care as you call out their results, meanwhile, saving time and resources.

**Decrease staff** needed for perio exams

**Free up more time** for quality patient interactions

**Speak in a conversational volume** while Dentrix Voice screens out background noise

### Free Your Front Office From Busywork

Let Dentrix Voice unburden your front desk team from tedious narrative entries and keyboarding errors — giving them time for higher-priority patient care.

**Dictate** insurance claim narratives, patient correspondence, billing notes and more

**Rely on** the dental lexicon awareness to improve accuracy

***[Voice recognition software] makes our staff even more efficient. That means we have extra time to connect with our patients.***

— DR. RICK HAGSTROM, DMD | A SHOP FOR SMILES, LA MESA, CALIFORNIA

### Expedite Work for Everyone

With rapid setup, your practice can get started today with Dentrix Voice from Henry Schein One and access online and remote training, including video and live mentoring, at no charge.
